

DR. M'GLYNN IS NO MORE

Eminent Divine Passes Peacefully Away at Newburg.

SORROW IS EVERYWHERE.

Archbishop Corrigan and Father Burtell Together at His Bier.

All over the United States and probably in every part of the world where those who love liberty are loved, sorrow is expressed for the passing away of Rev. Dr. Edward McGlynn, rector of St. Mary's Roman Catholic Church in Newburg. He died at 2:30 yesterday afternoon.

Archbishop Corrigan, who had not seen Father McGlynn since more than twelve years ago, when he announced to him the ban of excommunication which Rome had placed upon him, hastened to the dying priest's bedside, but arrived three hours too late.

Dr. McGlynn's participation in the municipal campaign in this city in 1886, when he expressed his sympathy with the single tax teachings of Henry

George, who was then a candidate for Mayor, was regarded as "pernicious activity."

After that he was summoned to Rome, but refused to obey the papal summons. In July, 1887, he was excommunicated, being notified of the action by Archbishop Corrigan.

For six years Dr. McGlynn remained in seclusion, and during that time he continued his work of charity among the poor and never forsook his position of independence.

He toured the country, and in platform addresses bitterly assailed the cardinal's invading against his aristocratic tendencies.

In one of his addresses Dr. McGlynn, looking into the future, said the day would come when democracy became something more than a mere word, when the Pope of Rome might walk down Broadway in a high hat without attracting attention. In 1887 Dr. McGlynn modified his views, and then the ban of excommunication was lifted from his shoulders.

Christmas Day of 1894 he celebrated mass for the first time since his excommunication, and on the following New Year took charge of the parish of St. Mary's in Newburg.

GIRL REFORMS BIG TOWN'S SCHOOLS.

FIDENIA WOOLSTON.

By a close vote Camden citizens have decided it was not advisable to inaugurate a strike in the Manual Training and High Schools in order to secure the dismissal of Principal Scheibner.

Two hot resolutions were passed against Prof. Scheibner and the authorities who have retained him as Supervisor.

Fidenia Woolston, the little body to whom is assigned the credit of bringing the whole thing to pass, sat demurely in her seat and tossed with a crimson rose in her jacket. Having brought matters to a head, she was content to sit quietly and let others do the talking. She didn't need to say anything, for there were plenty of others eager to speak.

Speeches alternated with resolutions during the course of the meeting. When the enthusiasm had been raised to the proper pitch a resolution was introduced and carried unanimously.

Former State Senator Maurice Rogers, who acted as chairman, charged the Mayor and Commissioners of Public Instruction with violating the public statutes by the purchase of supplies to the amount of \$13,000 without advertising for bids, by the disbursement of public funds in excess of appropriations and by purchasing materials for the new school building from public officials.

The purpose of a resolution adopted was to condemn Prof. Scheibner and two of the members of the commission, Dr. William Schaeffer and William C. Jennings, for their course in issuing a teacher's certificate to Prof. Scheibner. It was the third resolution, however, which made the good people of Camden perspire and lay aside their outer coats. It recommended that parents withdraw their children from the Manual Training and High Schools.

TELEGRAPH BEAT CUPID'S WINGS.

This Eloping Couple Was Arrested at Plainfield, N. J.

It required the combined use of horse, bicycle and telegraph to stop the elopement of Mabel Frost, the fifteen-year-old daughter of Mrs. Wilhelmina Frost, of Liberty Corners, Somerset County, N. J.

Behind the fastest horse the place afforded, the young girl and her sweet-

heart, Edward Howell, only a few years her senior, set out for Plainfield yesterday afternoon to be married.

The mother, hearing of the proposed wedding, sent one of her farm hands, Joseph Hinderst, after the eloping pair.

Hinderst hitched up his horse and started in pursuit. But the elopers had the better horse, which tore over the road at a record-breaking clip.

Hinderst was about to give up the chase when he met a man with a bicycle. He promptly borrowed the machine, but the pace set by the pursued was too much for him and he toppled off the bicycle at Bound Brook.

From there he sent a telegram to Chief of Police Grant at Plainfield, and when the elopers arrived they were arrested.

Howell and his brother George, who was to act as best man, and the girl were locked up.

The young woman lived with her grandfather, and had complained to her sweetheart that she was not treated properly. Howell suggested marriage as a remedy and the elopement that failed was thereupon planned.
